**Subject:** Senate Bill 1129

Risk Reduction Credits should not be the precedents to release the inmate, the crime should, before the inmate is release into civil society.

- The bill adds manslaughter, persistent dangerous felons and sex offenders, aggravated sexual assault of a minor, and assault of pregnant woman resulting in loss of fetus as crimes for which a person cannot earn risk reduction credits.
- The bill would also require a prison warden to review and sign off on risk reduction credits earned by an inmate.
